MEMORANDUM FOR: [REDACTED]

SUBJECT : ORD Memorandum Requesting Further
Deferment for [REDACTED]

25X1A

1. Subject memo is being returned with the suggestion that three items of information be worked into it:

25X1A

a. Type of deferment (2A Occupational) which [REDACTED] currently holds and its expiration date (30 September 1968).

25X1A

b. [REDACTED] date of birth.

c. The term "IPRD" be spelled out when first used in the memo.

2. The recommendations above are made on the basis that the DCI and other reviewing officials see only the memorandum. Therefore, all pertinent information should be contained therein. Perhaps I am overcautious, but I am thinking of the possibility that the request may be turned down or the action delayed on the technicality of omission of data.

3. For your info, I think ORD makes a strong case for [REDACTED] but wonder whether it will satisfy the DCI's very stringent criteria. In any event, please get the memo back as soon as possible so that we can get it into channels.
